Appendix: Funding to Belgian & Luxembourg-based organisations engaged in some work with patients

Pfizer provides funding to a number of organisations that are not patient organisations, but which have patient organisation membership or are otherwise relevant to patients. As such, they are listed here for the sake of transparency.

European Alliance for Personalised Medicine (EAPM): Founded in 2012, EAPM brings together Europe's leading healthcare experts, healthcare organisations and institutions, and patient advocates to improve patient care by accelerating the development, delivery and uptake of personalised healthcare including personalised medicine and diagnostics. In 2014, Pfizer Inc provided EAPM with €25,000 to support its annual work programme.

European Brain Council (EBC): The European Brain Council (EBC) is a coordinating council formed by European organisations in neurology, neurosurgery, psychiatry, basic brain research (neuroscience), as well as patient organisations and companies from within the pharma and biotech industries. It represents a vast network of patients, doctors and scientists, and these stakeholders along with its industrial partners make it eminently suited to work in close partnership with the European Parliament and Commission, national governments as well as other policy making bodies. In 2014, Pfizer Ltd provided a donation of £50,000 for scientific and policy events on stroke prevention in atrial fibrillation, and Pfizer Inc provide €50,000 to cover membership fees from 2013 to 2015.

Pain Alliance Europe (PAE): PAE is a multi-stakeholder alliance that aims to improve the quality of life of people living with chronic pain in Europe, by promoting awareness of chronic pain and promoting a European policy on chronic pain, in order to reduce the impact of chronic pain on all areas of European society. Pfizer Ltd provided PAE with a charitable donation to support core funding of €25,000; this payment was booked in December 2012 and paid in January 2013.
