Appendix: Funding to organisations engaged in some work with patients.

Pfizer provides funding to a number of organisations that are not patient organisations, but which have patient organisation membership or are otherwise relevant to patients. As such, they are listed here for the sake of transparency.

European Alliance for Personalised Medicine (EAPM): Founded in 2012, The European Alliance for Personalised Medicine (EAPM) brings together Europe's leading healthcare experts, healthcare organisations and institutions, and patient advocates to improve patient care by accelerating the development, delivery and uptake of personalised healthcare including personalised medicine and diagnostics. EAPM is based in Belgium. In 2016, Pfizer Inc. paid €50,000 to cover annual membership fees for 2015 and 2016, and €25,000 to cover annual membership fees for 2017.

European Brain Council (EBC): The European Brain Council (EBC) is a coordinating council formed by European organisations in neurology, neurosurgery, psychiatry, basic brain research (neuroscience), as well as patient organisations and companies from within the pharma and biotech industries. It represents a vast network of patients, doctors and scientists, and these stakeholders along with its industrial partners make it eminently suited to work in close partnership with the European Parliament and Commission, national governments as well as other policy making bodies. EBC is based in Belgium. In 2016 Pfizer Ltd provided EBC with £20,000 as an annual membership fee.

An additional funding of 109.000 USD has been paid in 2016 for project agreed in November 2015 with Pfizer Inc. and Pfizer Ltd. on the value of non-treatment to develop a position paper: "Integrating brain disorders in the holistic management of chronic conditions in Europe : development of a workable care model and case studies analysis".
